Record-Breaking Slashes Federal Budget

La Biche Gas Well In Flames

Wild Hole Six Miles North Of Stanolind

Special to The Bulletin
LAC LA BICHE, March 23.—A Central Leduc Oil Co. well which caught fire yesterday is still burning out of control today, 20 miles northwest of here, and one workman is in hospital with burns to his hands and face.
The injured man, Gordon Phillips, of Brooks, was working near the well-head at the time of the fire, which broke out at three in the afternoon. His condition at Lac La Biche hospital is reported to be good.

CAUSE UNKNOWN
At the ramped well itself, which was being drilled by Regent Drilling Co., workmen fought early today to extinguish the flaming gas. Located in heavily wooded country, the well is throwing up a combination of gas and salt water. No oil is visible in the spewing mass which is reaching a height of 40 feet.
Cause of the fire was unknown today, but it flared up only minutes after the initial outbreak during the afternoon. The derrick was still standing at noon today, and no fear was expressed that it would topple.
Meanwhile, at the Stanolind Co. well, Lac La Biche No. 1, oil men are working to control the flow of the gas which first started uncontrolled February 18.

BLAZE UNCONTROLLABLE
The two wells, located in the same Lac La Biche area, are six miles apart.
Officials at the scene of the flaming Central Leduc Co. well, this morning estimated that more than 1,000,000 cubic feet of gas have gone up in the past 24 hours.
They said that the mixture of gas and water causes the flame to burn increasingly, varying between high peaks of flame, and then subsiding. It is not known when the well can be brought under control.

SAID NOT SERIOUS
Neil McQueen, Calgary, head of the Central Leduc Oil Company, said today that the blaze at Lac La Biche is "not at all serious" as that entered at the station at Atlantic No. 2, which will be well for the time being, and that the situation at the Lac La Biche well is "not at all serious" as that entered at the station at Atlantic No. 2, which will be well for the time being, and that the situation at the Lac La Biche well is "not at all serious" as that entered at the station at Atlantic No. 2, which will be well for the time being.

Western Berlin Mayor In U.S.
WESTFORD, FIELD, Mass., March 23.—(AP)—Dr. Ernst Meyer, mayor of the blocked western Berlin, is expected to arrive in New York today, en route to the conference of mayors at Washington.
Air Force officials said Dr. Meyer would depart for New York today, en route to the conference of mayors at Washington.

RAF Crashes Bring Airlift Deaths To 47
HAMBURG, March 23.—(AP)—Two RAF planes crashed in two days have caused deaths to the airlift. The first crash, on the night of March 21, was a Spitfire, which crashed into the sea. The second crash, on the night of March 22, was a Spitfire, which crashed into the sea.

EFFECTIVE THIS MORNING
OTTAWA, March 23.—(CP)—Canada's great mass of war-time "unpaid" taxes was today cleared off the plate by the federal government. The unpaid taxes, which had been accumulating since the war, were cleared off the plate by the federal government. The unpaid taxes, which had been accumulating since the war, were cleared off the plate by the federal government.

Churchill Is Greeted By Pickets

Crowds Treat Atlantic Treaty As Limer Docks

NEW YORK, March 23.—(AP)—Winston Churchill arrived in New York today and was greeted by several hundred pickets protesting against the Atlantic pact.
A large crowd, estimated at more than 2,000, watched the demonstration which carried such slogans as "We can't be at war with Mr. Churchill," and "North Atlantic Pact—no." Soviet American peace party, yes.
Churchill, who Fulton, Mo., speech three years ago forebode of the Atlantic pact, arrived to make another address which he stated might be of considerable importance.
But despite persistent questions the 14-year-old statesman declined to state the theme of his speech at Cambridge, Mass., March 23, and instead a speech which he said was suggested that he might make a similar paper for the Pacific.

NOTED LUMBER OPERATOR DIES In Edmonton
Veteran king of the Alberta lumber industry and prominent sportsman, John A. McDougall, 48, 38 George Crescent, died in hospital early today after a brief illness. He was 54 years of age.
HEADED FIVE FIRMS
Largest single timber operator in the province, Mr. McDougall's company, the J.A. McDougall Lumber Co., was headed by five firms.
He was president and managing director of five large firms connected with lumbering. They are: J.A. McDougall Saw Mills Limited, at Wainwright; Bruce Lumber Co. at Brule; Kingsway Construction Co., Kingsway Lumber Co. Ltd., and J.A. McDougall Ltd., all of Edmonton.

HAD MODEL CAMP
His large logging camp west of Wainwright is considered a model of efficiency and cleanliness.
For many years he has been an active member of the Edmonton Chamber of Commerce and was also a member of Edmonton.
A keen sportsman, he was particularly interested in horse racing. He owned several race horses that figured prominently in Western Canada thoroughbred racing for many years.
Hunting was another favorite sport for Mr. McDougall. An enthusiastic marksman, he competed regularly at the Edmonton Gun Club. He was a red-hot hockey and basketball fan and a staunch supporter of Edmonton teams.

BORN IN OTTAWA
Prior to coming to Alberta Mr. McDougall was engaged in the lumbering business in the Prince George and Fort St. John, B.C.
He was born in Ottawa in 1894. Surviving are his widow and three daughters: Joan, 17; Janet, 18; and Jean, 19, all living at home. Funeral will be held Friday at 10 a.m. from St. Joseph's Roman Catholic Cathedral. Prayers will be said tomorrow evening at 8:30 in the Howard and Ledford funeral chapel.

Princess Margaret Attends Commons
LONDON, March 23.—(AP)—Princess Margaret appeared in the gallery in the House of Commons today, accompanied by her lady-in-waiting.
The visit was believed to follow the royal family's new prescription for the young princess to relax at least in the public eye and night club.

Israel Armistice
BEN NAQURA, Lebanon, March 23.—(AP)—Israel and Lebanon signed an armistice agreement at the customs house here this morning.

CENTENARIAN STILL HAS YOUNG IDEAS
DECATOR, Ill., March 23.—(AP)—A county case worker yesterday reported the following conversation with Edward Harris, who celebrated his 111th birthday at his home here:
Harris: "I think I'll be leaving soon."
Case worker: "Now, Mr. Harris, this is no time to think about dying. You still have plenty of life left."
Harris: "Well, I ain't thinking of dying. I'm just wondering about going to Kentucky for a spell."

Income Tax Cuts Favor Little Man

By George Kilchen
OTTAWA, March 23.—(CP)—A happy-day-are-here-again budget, apocryphal in favor of the voter in the "little" or "middle" income group and featuring major income-tax slashes, was put forward today by the government for public and parliamentary study.

For tax relief, the experts said it would aid other budget cuts. The lifting of basic income tax exemptions from \$10 to \$100 for single persons, \$20 to \$200 for married, \$100 to \$150 for dependent children, \$200 to \$400 for other dependents, plus a general reduction of existing tax rates and other minor concessions—all effective Jan. 1 this year.
2. Abolition of the so-called "war-wind-up" tax, including those on soft drinks, chewing gum, railway bonds and other war bonds, transportation tickets, telegrams, cables, long-distance telephone calls, and extension telephone service effective immediately.
3. A major reduction—from the present 25 to 35 per cent rate at retail to a 10 per cent rate at manufacturer's level—in the war-deductible "luxury" taxes applying to jewelry, cameras and other personal property, luggage, handbags, machines, embossed paper, pens, watches, cigarette lighters, pens and pencils and desk sets—effective immediately.

750,000 Get Off Free
In the income tax brackets announced last year—and that the revenue of all income tax liability for the year will be reduced by \$750,000,000. His advisers said later this was the highest in history and.

Sun Finally Emerges From Maisie's Clouds
Barbara Abbott, staff reporter
The Edmonton Bulletin, in making the plane trip to Rochester, Minn., with Miss O'Driscoll, is making the plane trip to Rochester, Minn., with Miss O'Driscoll, is making the plane trip to Rochester, Minn., with Miss O'Driscoll.

MOTHER SENDS HER THANKS
The following telegram was received today by the Bulletin from Saskatoon:
"Hi Straight, publisher, Bulletin, May I express heartfelt gratitude to The Bulletin and the people of Edmonton who have made this trip possible. Only through such generous action as shown to me and my little Maisie have we been able to take this one change which may save her life. Little Maisie sure will many thanks."
(Mrs.) Gertrude O'Driscoll.

at Rochester, Minnesota, for an examination to determine whether an operation to save her from blindness and probable death can be performed.
(Continued on Page 3)
See "Maisie"

Happy Days Are Here Again

The Christmas spirit is abroad in Edmonton this balmy March day with the name Douglas Abbott sounding a lot like Santa Claus. Wage earners cheered the Abbott budget and its welcome income tax reductions. Steelworker Leonard McCaffery, St. Elmo Hotel, wears an honest Irish smile as he contemplates the income tax outlook. A married man with children he'll have more of that green stuff with which to buy cigars even though steep taxes on smokes remain unchanged.

Restrained Enthusiasm Is Budget Reaction Here

Edmonton welcomes "the little man's" federal budget today with restrained enthusiasm.
Describes it as "a vote-catching budget but nonetheless welcome."
Some time might elapse before the effort will be fully felt, most businessmen opined.

STOCK MARKET QUIET
Stock market reaction is not perceptible either way.
Investment dealers believe the increase in corporation taxes for profits over \$10,000 will offset any surplus of investment saving to reduce from 30 to 10 per cent for profit below \$10,000.
"We shall probably have to encourage a new 'new' investor," commented Harry Barker of James Richardson and Sons.

Jewellers promptly, and gladly, eliminated the 25 per cent tax on sales but general confusion reigns about prices to be charged today on most other items affected.

EVENTUAL PRICES
Agreement is general that the eventual price of soft drinks will be five cents and for chocolate bars seven cents. Mr. Wall probably will be five cents.
So confused is the picture, however, that even the same firm's branch stores were charging different prices when The Bulletin reached it shortly before noon.
Liggett's Owl Drug Co. Ltd., Jasper avenue and 101 street, doled out soft drinks to five cents for a small and ten cents for a large order, and chocolate bars to seven cents. One block down the street at 101 street and 102 street Liggett's is charging the old price of six and eleven cents for soft drinks and eight cents for chocolate bars.
Most small soft drink vendors are still charging former prices.
Proprietors said they are waiting definite word from wholesalers before making a change.
They point out retailers would be to shun the loss.

Indications are numerous that some of the tax reductions are not strictly unreserved.
Soft drink jobbers yesterday reported to stick up their prices.
The Coca Cola Company has already slashed prices of its soft drinks. Several jewellery stores had advertised ready to run in Wednesday morning's newspapers, stating the 25 per cent tax had been lifted.

READY TO CLOSE UP
"If the tax hadn't come off I would have closed up my doors," stated T. G. Dierington, 10006 Jasper avenue.

EFFECTIVE TAX DATE CHANGES

Effective dates of the main tax changes in Finance Minister Abbott's budget:
Personal income tax—Jan. 1, 1949.
Corporation taxes—Jan. 1, 1949.
Repeal of taxes on soft drinks, candy and chewing gum—last night.
Repeal of excise taxes on transportation tickets, long distance calls, telegrams and cables—last night.
Reductions in excise taxes on jewelry, cameras, smokers' supplies, luggage, pens and pencils—last night.

Western Berlin Mayor In U.S.
WESTFORD, FIELD, Mass., March 23.—(AP)—Dr. Ernst Meyer, mayor of the blocked western Berlin, is expected to arrive in New York today, en route to the conference of mayors at Washington.

Farm Bill Passed Without Question

City Charter Amendments Before House Committee Today

Farmers scored a clean-cut victory in provincial legislation today.

Accountants and certain insurance companies didn't do so well. Bill to set up the United Farmers of Alberta Co-operative Ltd. rolled through the house without question.

It resulted from the recent amalgamation of the AFU and the United Farmers of Alberta to form the Farmers' Union of Alberta, and gives the green light to continuation of the UFA's co-operative activities as a separate business. Also unquestioned was a bill incorporating the Roman Catholic Diocese of St. Paul.

REFUSE PROPOSAL

Legislation turned down a proposal by accountants, other than chartered accountants, to incorporate an Institute of Accredited Public Accountants of Alberta. Committee on private bills declined the legislation, which would legalize a lower standard of public and private accountancy in the province.

Chartered accountants, represented by Ronald Marling, N.C. of Edmonton, and John B. Whelan of the Institute of Industrial and Cost Accountants, protested the terms of the proposed bill.

Committee on private bills declined the legislation, which would legalize a lower standard of public and private accountancy in the province. The bill was whips over insurance companies using the name "Alberta".

Considering an amendment to a bill giving the Alberta Fire and Accident Insurance Co. permission to carry on all types of insurance except life insurance, the bill was heard Attorney General Maynard suggest the company find another name.

The government in the past has refused incorporation to companies using the name of the province, Mr. Maynard said.

POSTPONED

Consideration of the bill was postponed until Friday morning, and the house cleared the way for a meeting of the committee of municipal law.

Edmonton city charter amendments which would allow the city to enter the insurance business on its own behalf and to form an oil company, are under consideration.

More Sporting Goods Available In City Soon

Sporting goods and footwear wholesalers in Edmonton are happy today with the eight per cent quota increase announced last night. Baseball, telescope fishing rods and other sporting items have been difficult to obtain in Canada and the increased quota will probably end Canadian business "trading to the States," said one wholesaler today.

American footwear is popular with the public, and custom broker Russell Johnson, and "quite an increase" could be expected in American importation of the commodity. Planning supplies, particularly canvasware, will be imported from the States in larger quantities now. Canadian demand has been larger than Canadian supply, said a local retailer.

Red Cross Seek Assistance

The Red Cross has been asked to contact Frieda Zammeli, born in Liechtenstein, Chemnitz and emigrated to Edmonton in 1929.

Anyone knowing her whereabouts is requested to contact the Red Cross, 606 Tegner Building, Edmonton, according to Mrs. Zammeli.

Spit 'n Polish In Police Court

Spectators at city police court today were given a real-mouthful of spit-polish during the hearing of a charge of public nuisance.

Standing at ease while the charge was read, Pte. Wymen Thomas snapped smartly to attention with loud belching to plead guilty to speeding. He also did this each time the magistrate addressed him—even when fined \$25 and costs.

DO YOUR NERVES PLAY TRICKS ON YOU?

If your nerves "jump" at a sudden noise, or you feel so edgy and low in spirits that you pick up a quarrel without meaning to, look out! Fatigue may be the cause. Your nerves may be almost used up energy may be almost used up.

Applications will now be received from young men and women over sixteen years of age to attend the Red Cross Aquatic School. The school is being held at the University of Alberta, Edmonton, from April 10 to 12, 1949.

Write Red Cross Headquarters, 606 Tegner Bldg., or phone 26402 for further particulars.

LESS LUXURY TAX means more business to jeweler Abe Fratkin of Edmonton. Finance Minister Douglas Abbott's budget release yesterday means good news and less confusion to jewelers who expect increase along with the decrease in 25% luxury tax. Here Mr. Fratkin shows now less-costly rings to prospective customer. Tax slashes are forecast to start a slight increase in jewelry sales, other retail stores said today. As one dealer said, "Maybe some folks can afford to become engaged at last."

Thieves Get Cash, Stock In Overnight Sorties Here

JASPER PLACE TOTS TO GET RADIO SHOW

The Magic Show, popular children's show heard each Saturday over CFRN will originate from the new Jasper Place community hall starting Saturday, March 26.

Children of the Jasper Place community who would like to appear on the show are asked to be at the hall at 9:30 for audition. The show starts at 10 and is on the air at 10:30.

Following the air show, a children's movie will be shown, which will be repeated Saturday afternoon at 2:30.

Movies are held each Friday evening at 8, at the Jasper Place hall. Proceeds are used for the completion of the hall.

Red Cross Donations Lagging Badly Here

Doubt was expressed today that the Red Cross would reach the \$150,000 objective for Northern Alberta by the end of March.

Walker Blake, chairman, said that while donations are coming in more swiftly now, the deadline may have to be extended.

A meeting will be held at the weekend in attempt to receive and decide whether more time will be necessary.

Receipts stand at \$66,718 today, of which \$10,000 arrived from country points. Generous donations were received from Donalda, Sedgewick, Provost, Lacombe and Millar.

Largest donation received to date has been \$15,000 cheque from the Alberta Civil Service.

Deserving of a pat on the back, said Mr. Blake, were the employees. Last year the city work force gave \$2,300.

This year they doubled the contribution with \$5,000.

Group Protests Use of Park

Frustrated protest against the use of Borden Park by the Exhibition Board was made at a meeting of the Cromdale Community League last night.

A letter will be sent to Mayor H. D. Ainsley requesting that the Cromdale Community League be advised of any action in regard to the park. Members feel that the park should be administered by the parks division of the Recreation Commission and should be maintained as parkland.

If the ground is used as a parking lot or a midway it will be ruinous to parkland, said Mrs. B. P. Marlin.

Designation of president Dr. John Riddigdale, who is leaving Cromdale, was accepted with regret. Vice-president William Halko is assuming the duties of president.

For discussion of the new community hall will be called at a later date.

Gov't Has Surplus Of \$575 Million

Compares With \$670 Millions In Previous Year

By D'Arcy O'Donnell

OTTAWA, March 23.—(CP)—A surplus of \$575,000,000 for the 1946-47 fiscal year was reported last night by Finance Minister Abbott in his budget speech to the commons.

This compared with a surplus of \$670,000,000 for 1945-46 and of \$373,000,000 for 1944-45, when a string of 17 consecutive deficits, caused by the 1930-35 depression and the Second World War, was broken.

Revenues for the 1946-47 year, which ends March 31, were estimated at \$1,318,000,000 and expenditures at \$1,318,000,000. In the previous year revenues were \$1,260,000,000 and expenditures \$1,260,000,000. Mr. Abbott gave the figures in the fiscal portion of his speech, which preceded the section containing proposed tax changes for the coming year.

Inflation Near End

Mr. Abbott made these other points:

1. The post-war price inflation appears to have run its course.
2. Canadians are unlikely to see any significant increase in the cost of living this year.
3. He does not expect in the near future any serious price rise in the high level of expenditures in North America, on which Canada's current prosperity is based.
4. Canada's reserve of gold and United States dollars now totals about \$1,000,000,000, compared with a low of \$500,000,000 in December, 1947.
5. The search for co-operation with the provinces, the federal government will not put forward any proposal for a year-end audit of the provinces' financial accounts.

Higher Incomes, Profits

"The greater yield in direct taxes is a reflection of higher incomes and profits," said Mr. Abbott. "The decrease in indirect taxes is due to the lower rates of duty under the emergency tariff and the conservation act and the removal of a year ago of the amendment tax, the sales tax on prepared foodstuffs, and certain other indirect taxes."

Non-tax revenues from the post office and revenues from investments were \$210,000,000, or 60 per cent greater than last year. Special revenues from excise duties, chiefly sales of surplus war assets and military refunds, amounted to \$117,000,000. This was \$25,000,000 less than a year ago.

"As to the expenditure side, the principal decrease was \$230,000,000 in military expenditures, and special expenditures. This decrease was not balanced by increases of \$200,000,000 in ordinary expenditures and \$21,000,000 in the deficit of government-owned enterprises."

Repay Forced Savings

"To this cash surplus were added \$224,000,000 resulting from sales of securities from our securities investment account. Of the resulting \$494,000,000 we used \$272,000,000 to make a net reduction in our cash deficit, and the remaining \$222,000,000 served to increase our cash balance."

"The greater part of the reduction in the funded debt resulted from the repaying of approximately \$200,000,000 in refunding of the personal income taxes of 1943 and 1944, and the refunding portion of the excess profits taxes of 1943."

Mr. Abbott again defined his policy of budgeting for surplus in times of prosperity.

"I think most Canadians will regard the policy we have followed as one of simple common sense," he said. "Yet some honorable members would have insisted that we should have been more frugal, that we should not have attempted to reduce our debt, but that we should have continued to borrow."

Hold Living-Cost Rise

"The improvement in consumer supplies, he said, has brought a welcome halt to the increase in the cost of living. The index of living costs had remained almost stationary since September, 1947, and most had only slight increases in other items."

"Some further increases may occur in a few items," he said. "But I think we are likely to see a significant increase in the cost of living this year—unless, of course, there are serious crop failures—and it is quite possible that there may be some decline."

"Prediction is a world of fallacies," he said. "The only way to avoid uncertainty is to keep a wide margin of agreement both here and abroad, that, barring the three major catastrophes of war, crop failures and widespread industrial work stoppages, the post-war price inflation has come to an end."

Mr. Abbott reviewed Canada's trade position and said the deficit in her trade balance, he said, was not a disaster.

Opposed to Barter

He reiterated his opposition to barter deals and said the inevitable effect of these barter deals is to dislocate the total volume of world trade."

"Turning on Dominion-Provincial relations, he said that the federal government was not attempting to redistribute power in Ottawa through trade agreements with the provinces."

"The simple fact is that the federal government is not going to encourage provincial autonomy by making the provincial government better able to carry out the heavy responsibilities assigned to them by the constitution," he said.

Government Eager For Province Co-operation

OTTAWA, March 23.—(CP)—Finance Minister Abbott said last night in his budget speech the present government "yields to no one in its desire to co-operate with the provinces."

"This government yields to no one in its desire to protect their rights and see them financially strong and independent," he said. "It yields to no one in its desire to co-operate with them in that kind of constructive partnership which will best enable all governments to look and solve the complicated problems of today and give to the Canadian people the measure of peace, prosperity and happiness they have a right to expect."

"In this search for co-operation, it will not let petitions of spirit or false pride get under emphasis on purely financial considerations in the way of mutual understanding and constructive results. It will continue to seek ways of tackling mutual problems and developing practical solutions."

The taxation agreements with all provinces except Ontario and Quebec are now entering the third of the five fiscal years covered by the agreements.

"The agreements under which the provinces receive the personal income tax, the corporate income tax, the tax on the Dominion in return for lump sum annual payments of \$100,000,000 against a low of \$500,000,000 in 1945."

"The agreements under which the provinces receive the personal income tax, the corporate income tax, the tax on the Dominion in return for lump sum annual payments of \$100,000,000 against a low of \$500,000,000 in 1945."

Little Chicago Hard On Drew

OTTAWA, March 23.—(CP)—Little Chicago, a group of bootleggers, gave George Drew, progressive Conservative leader, a good-natured ribbing yesterday when he rose to vote in a division called by his party on a speaker's decision.

"Mr. Drew," shouted some of the members, "filluster," yelled others. One lone voice called him a "communist."

Mr. Drew smiled through it all.

The amount will cover family allowances, old-age pensions, veterans' benefits and other payments which normally go to the provinces as well as the first year's instalment of \$50,000,000 in federal paid-off debt in New Brunswick in the early years of union. The target date for the completion of union is March 31.

It has been estimated that the federal government will be able to save \$27,000,000 in New Brunswick. This would leave it with an apparent deficit of \$23,000,000 on the first year's operations.

Savings Bonds Sales Down

OTTAWA, March 23.—(CP)—Sales of the third series of Canada Savings Bonds declined in the public last October. Total \$248,000,000 to date, Finance Minister Abbott reported last night in his budget speech to the Commons.

This compares with total sales of \$288,000,000 in the second series of federal war bonds in a year previously.

mines coming into production in 1948, 1949 and 1950.

All corporation tax changes effective Jan. 1, 1948.

Highlights Of Fiscal Speech

OTTAWA, March 23.—(CP)—Highlights of the fiscal portion of Finance Minister Abbott's budget speech:

Estimated surplus of \$575,000,000 for the 1946-47 fiscal year, compared with \$670,000,000 for 1945-46.

Total revenue for year estimated at \$1,318,000,000, a decrease of \$100,000,000.

Total expenditures estimated at \$1,318,000,000, a decrease of \$100,000,000.

Estimated net debt at end of fiscal year \$1,800,000,000, down \$518,000,000.

Canada's reserve of gold and United States dollars now at \$1,000,000,000, compared with a low of \$500,000,000 in December, 1947.

Post-war inflation appears to have run its course, the government believes it "quite possible" there may be some slight increase in the cost of living this year. Prices of some commodities may be down at year-end.

Government expects "something like the present level of employment and income will continue throughout coming year."

Has Ticket Stenographer Prepares To Spend Cash

VANCOUVER, March 23.—(CP)—A bookkeeping Regina stenographer has a 1951 ticket to win \$100,000 in Saturday's Irish Sweepstakes.

He, 36, learned yesterday he has drawn Official Program in the Grand National Sweepstakes.

Visiting friends here, the stenographer said he was "a bit of a lucky" when he received the ticket.

"I've always been a bit of a gambler," he said. "I've never won anything big."

"Of course, he hopes, this time will be different. And if he wins, he'll quit his job in the Federal Bureau of Investigation."

He is in Regina and takes her parents, who farm near Estevan, Sask., on a trip to England.

Watermelon's The Medicine For Kidney ailment

Doctors in a New Jersey hospital prescribed a diet of watermelon for this boy. Roy Allen Holloway, 3, is shown as his mother gave him first "lucky treatment."

Watermelons apparently were scarce but one eventually was located by police in Brooklyn.

Revenues From Main Sources Are Listed

OTTAWA, March 23.—(CP)—Following statement of tax revenue for the last three fiscal years is from a table contained in the financial white paper tabled in the commons last night by Finance Minister Abbott.

	1944-45	1945-46	Estimated 1946-47
Individual income tax	\$944,320,000	\$1,049,820,000	\$1,171,000,000
Tax on interest, dividends	28,420,000	33,920,000	40,500,000
Tax on rents, royalties	14,620,000	20,700,000	27,800,000
Corporate income tax	228,720,000	364,310,000	400,000,000
Excise profit tax	448,000,000	227,000,000	40,000,000
Supermarket duties	25,570,000	30,820,000	26,200,000

Total direct taxes	\$1,452,720,000	\$1,803,560,000	\$1,965,300,000
INDIRECT TAXES			
Consumers import duties	\$27,250,000	\$31,710,000	\$25,000,000

EXCISE DUTIES			
Spirits, malt, etc.	\$7,820,000	\$7,875,000	\$105,000,000

Cost of Living Decline Possible

Abbott Says Crop Failures Would Be Only Drawback

OTTAWA, March 23.—(CP)—Finance Minister Abbott told the Commons last night in his budget speech it is "quite possible" there may be some decline this year in the cost of living.

While he conceded some further increases in the official cost-of-living index might occur in a "few" items, he thought it "unlikely" that any significant increase will take place, unless there are serious crop failures.

He noted the "welcome" halt in the rising index and said it has remained almost constant—it now is at a record peak of 103.3 since last September at a level of about 60 per cent above pre-war.

"The time now has come, I believe, when increased expenditures by consumers can be met by increased production of goods and services," he said.

"The price indexes have leveled out both here and in the United States—the two countries in which a free price market must exist in some sectors of the price structure, where the increases had been particularly great, prices have begun to recede to more healthy levels."

He said the general assumption is that the price level at the end of this year and look back we shall find that the price level as a whole will be no higher than it is now and that the prices of some of the commodities at least will be somewhat lower.

The pressure of consumer demand for supplies was "slackening" in some cases, there was the occasional emergence of "surpluses" and in business circles there was something which we had almost forgotten is a normal part of business in certain seasons of the year.

Churchill To Miss Canada This Trip

HAMILTON, March 23.—(CP)—William Churchill will miss a telegram yesterday to the Hamilton Convention of the Ontario Federation of Agriculture.

Churchill, who is in the United States, will not be able to visit Canada during his current visit to the United States.

Travellers Get Break On Tax Withdrawals

Railways and bus passengers will be happier and richer as a result of lifting of 15 per cent tax on passenger tickets and on sleeping car accommodation.

Local CPR city passenger agent, J. J. McNeil, said: "It will make the public happy, save them money, and will ease the railway workers' job of tax collecting and record-keeping."

REPEAL IS PLEASING

CPR city passengers are not surprised by the proposed increase in volume of travel, but also predicted the tax repeal would please both railroads and passengers.

"Lifting of tax on sleeping car accommodation will mean more than half the Jan. 15 increase in berth rates."

Travellers will save tax money ranging from a few cents on short one-way trips to as much as \$25 on return journeys from here to eastern Canada.

\$4.55 LESS TO COAST

Single trip ticket from Edmonton to Vancouver with lower berth accommodation will cost \$4.55 less today than yesterday. Previously tax on fare was \$3.55 and on berth was \$1.00.

Cost of a first class single ticket with compartment from Edmonton to Halifax is reduced to \$25.50 previously paid in taxes, and return fare from Edmonton to Vancouver with lower berth each way will cost \$158.45 instead of \$182.20.

CANADIANS EARNED, SAVED MORE IN 1948

OTTAWA, March 23.—(CP)—Almost nearly seven per cent in Canadians earned more and saved 1947.

More in 1948 than they did in 1947, Finance Minister Abbott disclosed last night in his budget speech.

Personal income totalled \$11,800,000 in 1948, compared with \$10,900,000 in 1947 and with \$4,291,000,000 in 1939, the year of the outbreak of the Second World War.

Personal savings amounted to \$1,460,000,000 in 1948, compared with \$600,000,000 in 1947 and \$200,000,000 in 1939.

The figures, Abbott said, Mr. Abbott, the Canadians "saved" approximately 10 per cent of the personal income at their disposal after payments of taxes in 1948, as compared with 1947.

Another was to pay retroactive income tax to the government for the period of 1947-1948.

But it was not an economic cycle on which the government based its budget, it was a "political" cycle.

Mr. Macdonnell further suggested that the government had kept taxation high in preceding years to allow for the current budget.

The minister was forced to produce a budget in 1949 in order to provide a means in 1949.

U.S. ARMS SENT TO FRANKFORT

BUPI—Modern anti-aircraft equipment, including radar-directed 80-millimeter guns, has been shipped from the United States to units in Germany, the army announced today.

"Several 80-millimeter weapons have already been processed and assembled for use in anti-aircraft units which had been trained to use them," the announcement said.

Russian Charge Just Old Stuff

IRISINSKI, March 23.—(BUPI)—Russia's latest newspaper charges against Finland—a charge that Finland had violated its treaty—aimed to disturb Finnish officials greatly today.

One cabinet official commented that the same charge had been made "many every week during the last seven months."

The latest attack was made over the weekend in the Leningrad edition of the Communist party newspaper Pravda.

Peace Conference Said Rums Move

WASHINGTON, March 23.—(AP)—The "World Peace" conference opening at New York Friday is seen in a series of moves by Moscow to oppose the new North Atlantic Security Pact.

Wholesalers have already paid the one-cent-per-package excise on chewing gum sticks on hand, and may not be able to pass the tax cut along to the consumer. They are waiting clarification of the order from Ottawa today.

"Chocolate bars are back to seven cents each today, stripped of one cent excise tax which together with increased cost, sent them spiralling to a loudly protested eight cents."

High price of cocoa beans will likely hamper manufacturers' efforts to reduce today's seven-cent cost.

It won't be like a return to the nickel bar, one local candy bar wholesaler said, "but at any rate, consumers have been paying the full eight-cent price without complaint recently. They aren't expected to protest the seven-cent level."

Confectionery wholesalers lifting of the nuisance taxes meant freedom from years of book-keeping.

"With no excise tax to collect and please states who have been obliged to keep returns of tax payments we have received from retailers," said William Haverhill, president of the Alberta Bottlers of Carbonated Beverages Ltd. The Bulletin.

Czechs Approve Yugoslav Pact

PRAGUE, March 23.—(BUPI)—The Czechoslovakian cabinet has approved the new pact treaty with Yugoslavia signed in Belgrade March 1, the official news agency reported today.

The agreement provides for virtually the same amount of trade last year despite Communist pressure on Marshal Tito's government.

Other Central European countries, including Russia, have drastically curtailed their trade with Yugoslavia, which has broken with the Cominform.

Second Incident Reported On Canadian Ships

VICTORIA, B.C., March 23.—(CP)—Vice-Admiral Harold T. W. Grant, Chief of Naval Staff, Ottawa, said here yesterday there had been an "incident" aboard the Canadian destroyer escort HMCS Athabaskan, Lt. Commander David M. Gross, Victoria, as the ship was in the Athabaskan trouble.

Full Text of Revisions In Income Tax Payments

OTTAWA, March 23.—(CP)—Text of resolution to amend the income tax act provided:

1. That, for the 1949 and subsequent taxation years the following shall be the exemptions from individual income tax:

(A) \$2,000 in the case of a married person and persons allowed a deduction equivalent to that of a married person and \$1,000 in the case of all other persons; and

(B) \$400 in the case of dependents not eligible for family allowances, \$150 in the case of children eligible for family allowance.

NEW SCHEDULE

2. That, for the 1949 and subsequent taxation years, the schedule of graduated rates for individual income tax be replaced by the following schedule:

On the first \$1,000 of income and any portion thereof, 15 per cent per annum; or

\$150 upon the income of \$1,000; and 17 per cent upon the amount by which the income exceeds \$1,000; or

\$200 upon the income of \$1,000; and 22 per cent upon the amount by which the income exceeds \$2,000; or

\$250 upon the income of \$1,000; and 25 per cent upon the amount by which the income exceeds \$2,500; or

\$300 upon the income of \$1,000; and 30 per cent upon the amount by which the income exceeds \$3,000; or

\$350 upon the income of \$1,000; and 35 per cent upon the amount by which the income exceeds \$3,500; or

\$400 upon the income of \$1,000; and 40 per cent upon the amount by which the income exceeds \$4,000; or

\$450 upon the income of \$1,000; and 45 per cent upon the amount by which the income exceeds \$4,500; or

\$500 upon the income of \$1,000; and 50 per cent upon the amount by which the income exceeds \$5,000; or

\$550 upon the income of \$1,000; and 55 per cent upon the amount by which the income exceeds \$5,500; or

\$600 upon the income of \$1,000; and 60 per cent upon the amount by which the income exceeds \$6,000; or

\$650 upon the income of \$1,000; and 65 per cent upon the amount by which the income exceeds \$6,500; or

\$700 upon the income of \$1,000; and 70 per cent upon the amount by which the income exceeds \$7,000; or

\$750 upon the income of \$1,000; and 75 per cent upon the amount by which the income exceeds \$7,500; or

\$800 upon the income of \$1,000; and 80 per cent upon the amount by which the income exceeds \$8,000; or

\$850 upon the income of \$1,000; and 85 per cent upon the amount by which the income exceeds \$8,500; or

\$900 upon the income of \$1,000; and 90 per cent upon the amount by which the income exceeds \$9,000; or

\$950 upon the income of \$1,000; and 95 per cent upon the amount by which the income exceeds \$9,500; or

\$1,000 upon the income of \$1,000; and 100 per cent upon the amount by which the income exceeds \$1,000.

Sun Oil Co. Plans Formation Of Canadian Firm

PHILADELPHIA, March 23.—(AP)—The Sun Oil Company yesterday announced creation of a Canadian division of its production department.

The headquarters will be in Calgary, said John G. Pew, vice-president in charge of production.

At the same time Pew said that Sun is drilling a test well 24 miles east of Calgary. Until recently Sun's exploratory operations in Canada were carried on, through W. L. Minchell, an oilman, through Sun Oil Co., Ltd., a Canadian subsidiary.

Pew said George E. Dunning, former division chairman at Dallas, Texas, will be manager of the new Canadian division.

Local CPR city passenger agent, J. J. McNeil, said: "It will make the public happy, save them money, and will ease the railway workers' job of tax collecting and record-keeping."

REPEAL IS PLEASING

CPR city passengers are not surprised by the proposed increase in volume of travel, but also predicted the tax repeal would please both railroads and passengers.

"Lifting of tax on sleeping car accommodation will mean more than half the Jan. 15 increase in berth rates."

Travellers will save tax money ranging from a few cents on short one-way trips to as much as \$25 on return journeys from here to eastern Canada.

\$4.55 LESS TO COAST

Single trip ticket from Edmonton to Vancouver with lower berth accommodation will cost \$4.55 less today than yesterday. Previously tax on fare was \$3.55 and on berth was \$1.00.

Cost of a first class single ticket with compartment from Edmonton to Halifax is reduced to \$25.50 previously paid in taxes, and return fare from Edmonton to Vancouver with lower berth each way will cost \$158.45 instead of \$182.20.

CANADIANS EARNED, SAVED MORE IN 1948

OTTAWA, March 23.—(CP)—Almost nearly seven per cent in Canadians earned more and saved 1947.

More in 1948 than they did in 1947, Finance Minister Abbott disclosed last night in his budget speech.

Personal income totalled \$11,800,000 in 1948, compared with \$10,900,000 in 1947 and with \$4,291,000,000 in 1939, the year of the outbreak of the Second World War.

Personal savings amounted to \$1,460,000,000 in 1948, compared with \$600,000,000 in 1947 and \$200,000,000 in 1939.

The figures, Abbott said, Mr. Abbott, the Canadians "saved" approximately 10 per cent of the personal income at their disposal after payments of taxes in 1948, as compared with 1947.

Another was to pay retroactive income tax to the government for the period of 1947-1948.

But it was not an economic cycle on which the government based its budget, it was a "political" cycle.

Mr. Macdonnell further suggested that the government had kept taxation high in preceding years to allow for the current budget.

The minister was forced to produce a budget in 1949 in order to provide a means in 1949.

PCs OPEN DEBATE

"Bribery Budget Name Of House Opposition"

PCs OPEN DEBATE

"Bribery Budget Name Of House Opposition"

OTTAWA, March 23.—(CP)—"Bribery Budget" was the name suggested by J. A. Macdonnell, Progressive Conservative financial critic, when he opened the debate last night on the budget.

After a long and heated debate, Finance Minister Abbott on the way he presented the budget, Mr. Macdonnell said into the government against the Liberals of giving the people of Canada as a "bribe" for the year.

"There may be doubt that this government has a 'bribe' of projects for depression," but there is no doubt they have a shell for projects for an election, Mr. Macdonnell said.

He described the recent government budget as a "bribe" to the people of Canada. He said the government had built a "bribe" to the people of Canada.

He is satisfied that his calf will rank high in its class. See story on page Nine.

Cigarettes Stay Up But Light Is Less

Tobacco Users Pay the Price But Get Cuts on Accessories

Although Edmonton smokers didn't get any hoped-for reduction in cigarette and tobacco prices, they'll be paying anywhere from 15 to 25 per cent less for other items of smoking equipment.

Popular cigarette lighters, priced yesterday at from 96.20 to 96.85, will cost the fancy smoker a little less today, or a 15 per cent drop. The price slash, which went into effect immediately, was included along with other reductions in jewelry items announced in the new federal budget.

Prices of pipes (a fairly good one cost 55 yesterday) can be had today for \$3.75 to 4.00.

Smoking stands are also expected to be included in the list of tax-reduced commodities.

Twenty per cent tax now paid on matches was cut in half, making a quarter-of-cent extra tax to be paid on low-grade matches of matches.

However, consumers will still pay the same price for matches, while the extra margin will probably be taken by the retailers.

Smoke shop owners complain that profits on matchboxes are practically nil, and they will stand to benefit more by the new order.

Bread Price Will Remain Stable Here

Edmonton bread prices won't increase for about a week after that they're unpredictable.

Withdrawal of the 46½ cent-per-bushel subsidy of domestically consumed wheat, coupled with lifting of ceiling prices on flour and bread, may hit the consumer a wallop in the budget.

Local bakery managers say sufficient flour is on hand to supply Edmonton consumers with bread for about a week.

After that probable higher flour prices, resulting from wheat subsidy withdrawal, may eventually be absorbed by the bread consumer.

Double-barrelled announcement cancelling the wheat subsidy and lifting bread and flour ceiling prices took Edmonton bakers and millers by surprise.

"It came as a complete surprise to us," one bakery manager told the Bulletin. "We're awaiting a head office decision on future bread prices."

Britain Lifts Many Controls

LONDON, March 23.—(CP)—Controls were lifted yesterday on more than 50 raw materials, including several chemicals, some types of cotton and most kinds of hardware.

Numerous controls were eased. Harold Wilson, president of the board of trade, called it a "bonfire of controls."

Wilson said hundreds of items used by industry still will be kept under quota restrictions which require import licences. Many of these materials still are scarce or have to be bought with scarce dollars.

He said he hoped by the end of the year to get rid of government control over all items now affected by the two difficulties.

A few items such as synthetic rubber, pine oil, turpentine and resin, which the government has been handling, were turned back to private buyers.

Cottons remaining ended last week. About 36 industrial materials were removed from controls last November, saving £500,000 incomes a year.

Wilson said price ceilings will remain on all freed articles.

Under-Grads Name Wornell As President

Fred Wornell was elected president of the Education Under-Graduates Society of the University of Alberta recently in the society's annual election.

The new president won out over Howard Singleton, only other candidate for the presidency.

Arnold W. Haines was named vice-president.

Closed fight was in the race for secretary between May Ensey and Gladys Griffin-Brown. Miss Ensey won out by a single vote after two counts.

Robert Smith was named treasurer and Jack Calkins was voted director of boys sports.

Others elected, all by acclamation, were Eugene Spencer, social convener; Harold Sharfion, professional representative; Ruth Hollands, girls' sports director.

Sub, Destroyer Collide At Sea

SAN DIEGO, Calif., March 23.—(AP)—The United States submarine Parche and the destroyer Oriskany collided last night during maneuvers.

The Parche was submerged at the time of the collision. She immediately surfaced and radioed there were no injuries and she could proceed to port, the navy said. The extent of damage to the vessel was not known.

Edmonton Lumbermen Foresee Little Change

Retail lumber dealers in Edmonton did not expect too much change in the present shortage of construction lumber here, following Ottawa announcement that import restrictions on lumber will be lifted April 1.

G. W. Perkins, general manager of J. C. Burger Lumber Co., said that oak wood for flooring is the only product on his company's import list, and declared that it has been available in quantities during the past year.

SPEEDIER ORDERS

He said that new regulations "will not affect the company's business very much," but stated that increased lumber imports will speed up orders here.

However, other dealers looked for more pine window sash and raw hardwoods as well as the oak flooring. Although these base products have been coming into the country in limited quantities during the past year, retailers said they would be able to take care of mounting orders more quickly.

AID TO HOUSING

Sales manager Earl West of Alan-McCallin Lumber Co. said that while it was still early to predict any great change or improvement in local building, the new order from Ottawa "would help local housing in some way."

The lifting of lumber import restrictions was part of a removal of import bans on a wide range of commodities going into the housing industry.

Negotiate Lease

DUBLIN, March 23.—(RUP)—United States Minister to Ireland George A. Garrett said yesterday that the U.S. is negotiating a 90-year lease on the American Legion building in Dublin's Phoenix Park and 60 acres of land.

B.C. Liberals Call Convention

VICTORIA, March 23.—(CP)—The British Columbia Liberal party will hold a convention in Vancouver April 7 and 8.

Premier Byron Johnson issued the convention call yesterday and at the party's policy on coalition will be fixed.

The action of Premier Johnson, who heads a Liberal-Progressive-Conservative coalition administration, was taken as a rare indication that a provincial general election will be called. Political sources say the election will take place during the last week in June.

The manufacture of artificial life became widespread about 1900.

COSMETICS WON'T BE MUCH CHEAPER

A spokesman for a large wholesale cosmetics house said last night he thought reduction of the tax on cosmetics and toilet preparations, announced in Ottawa, would not mean a great saving to the buying public. He said the tax has been at the manufacturer's level and many have absorbed or partly absorbed it. He thought the ultimate benefit to the consumer would be no more than four per cent.

Communication Tax Lifting Benefits Public

While they were not prepared to state what it meant in terms of dollars and cents, managers of telephone and telegraph systems in Edmonton welcomed the immediate repeal of taxes on long-distance calls, extension telephones, telegrams and cables.

The benefit would be passed directly and immediately to the public, they said.

Tax on telegrams is seven cents per message. As about 12,000,000 messages are sent annually across Canada, the total amount of tax collected would be less than one million.

It would, therefore, be comparatively small in Edmonton.

"It was only a nuisance tax anyway," commented F. A. Richens, manager of Canadian National Telegraph branch office.

The tax on telephone calls was a flat 15 per cent, with a fixed maximum.

This benefit will also be passed to the public.

Bulletin Carriers Honored at Banquet

By Tommy Graham

Edmonton Bulletin carriers who have put on a sustained drive in recent months to show sharp increases in the newspaper's circulation were amply rewarded for their efforts at a gala booster banquet and frolic held in the main dining room of the Macdonald hotel last night.

It was a night for the boys—270 of them—and they made the most of it.

Fun food and frolic topped off by the awarding of valuable prizes to the carriers who garnered the greatest number of subscribers in their respective districts, highlighted the evening's entertainment.

HIGH PRAISE

Circulation manager Stewart E. Kidd, who put on the party for the boys, was high in his praise for them, thanking and congratulating them on their fine showing.

A floor show presented by Jean O'Connor and Tommy Kennedy was well received.

Five acts comprised the offering. Jack Gallagher got the show underway with a nifty harmonica effort and the Laver twins, Donna and Donald, followed with a smart comedy act.

Alec McKnight was third on the bill with a fine bougie-wogie effort on the piano and then Margaret Malone came out to do a long and dapper routine. Acrobats Helen Engblom wound up the performance with several sets of leotards of favorite hits.

PRIZE WINNERS

Following the show, a drawing took place for the major prize—a new bicycle—which was won by Leo McNaughton, son of "Doc" McNaughton, a constable with the Edmonton City Police.

Five carriers, who achieved the greatest new subscriber increases in their respective districts were

presented with modern headlamps radioed by circulation manager Kidd.

Winners were Robbie Van Kleeck, Joe Walsh, Gilbert Lavoie, Donald Walker and Ralph Colter.

Colter sported jackets were presented to 15 boys who paced the field in the new subscriber drive.

Those who are wearing new sport jackets today are: Albert Vancot, Bobby Jenkins, Danny Ostry, Tommy Shaw, Alec McNaughton, Doug Ledgwood, Harry Stinson, Charlie Stone, Ronnie Collier, Ardel Russell, Gary Schwartz, Johnny Sabine, Jim Fleming, Ramon Dikie and Bill Smith.

Milking cows need from 190 to 300 pounds of water daily.

300,000 to 400,000 Kegs Available During 1949

By Douglas How

OTTAWA, March 23.—(CP)—Trade Minister Howe, helping the omnibus controls bill along a rugged passage through the commons, said yesterday he "certainly would not" say Canada can look forward to an adequate supply of steel in the third quarter of 1949.

But, he added, he would say that another 300,000 to 400,000 kegs of nails will be available this year and there will be no more interference with supply of the wire used for fencing.

Mr. Howe spoke after the House had been twice divided by George Drew, Progressive Conservative leader, in opposition to the government's method of continuing control, price, steel and timber control in one measure based on an alleged emergency.

MERGE STRENGTH

The merged strength of the Liberals, CCF and Social Credit parties first united, 40 to 55, a Speaker's ruling declaring out of order an amendment by Donald Fleming (PC—Toronto—Liberal) which would have sent the omnibus bill to committee to be transformed into individual bills for 12 separate measures.

The combined again to overrule, 140 to 58, Progressive Conservative opposition to approval of the bill in principle on second reading. The House spent the rest of the afternoon considering it in detail in committee.

The opposition bill to extend foreign exchange controls, which was called for third reading but Mr. Drew indicated his group would oppose this final approval, presumably in a recorded vote, at the next sitting.

He urged that the life of exchange controls be limited to one year and that the government initiate a meeting of member states of the international steel fund to seek convertibility of sterling.

HOWE IN DEFENCE

Mr. Howe defended both steel and timber controls. He was answering arguments by J. L. Gibson (Ind., Comox-Alberni) and C. W. Hodgson (PC, Victoria-Ontario) that timber controls should be removed since supply no longer made them necessary and the statement of Harold Timmins (PC, Toronto) that qualified persons in the industry said there would be enough steel for the third quarter of this year.

Mr. Howe said the government would like to be rid of timber control but the industry asked that it continue. It was only an export control. He did not see how the industry could do with a free market but Britain if some central agency was unable to mediate between demand and supply.

Mr. Timmins said the steel control was only a regulation of trade since supply would soon be adequate.

SAID MISLEADING

Mr. Howe said it was misleading to spread such reports of supply. The steel controller added the industry is a number of ways. He directed schedules of producers. In 1948 Canada imported 1,000,000 tons of steel and produced 3,000,000, of which 230,000 tons were produced only because the control reduced the use of certain basic steel.

The controller had arranged for importation of 200,000 tons of scrap which would not otherwise have been available. He has transferred certain wire for fencing into the production of nails. The government had recently completed a complicated transaction with the United States which would mean production of another 300,000 to 400,000 kegs of nails this year and no further interference with wire fencing.

The minister said he knew of no important section of the industry which was against the controls which did remain.

German POWs To Go Home

BERLIN, March 23.—(BUP)—The Russian-licensed German News Agency ADN today saying repatriation of German war prisoners from Russia would be speeded up shortly.

The agency said two Russian transports with 1,000 prisoners aboard had arrived at Frankfurt-on-Main Monday.

Among them were 140 who live in Western Germany, ADN said.

The United States and Britain recently charged the Russians with violations of 1948 international agreements on returning war prisoners.

Danish Reds Plan Protest Parade

COPENHAGEN, March 23.—(BUP)—Danish Communists will stage a peaceful march in Christianborg Castle today to protest the Atlantic Pact, the Communist newspaper "Land and Folk" said.

The newspaper said the government had granted permission for the demonstration to be held under the auspices of the "Danish peace council."

Crowds have been permitted into the inner courtyard of Christianborg Castle in previous anti-demonstrations. But police said none of the demonstrators would be allowed to enter today.

A plan for development of grain in Delhi has been proposed. It includes the building of an electric railway costing \$50,000,000.

MONTE CARLO WILL GET 'LE CRAPS'

JERSEY CITY, N.J., March 23.—(BUP)—Louis Chevrolet, director-general of gambling for the Casino at Monte Carlo, was en route back to Europe today after a nationwide tour to study the science of "le craps."

He said that after observing dice gambling in Cincinnati, O., Chicago, Detroit, El Paso, Tex., Los Angeles, Las Vegas and Reno, Nev., and Boise, Ida., he was convinced that the game should be introduced in his famed Casino.

In fact, he liked it so much, he said he planned to convert the large roulette room at the Casino into a dice room and transfer the roulette to a smaller chamber.

Canada Ship Still Struck

MELBOURNE, March 23.—(BUP)—The Canadian cable ship *Halifax* was still at Victoria dock today because of a labor dispute involving its British crew.

The Australian Seamen's Union adhered to a request of the Canadian Seamen's Union that the vessel be considered "black" because it carried a British crew.

The Canadian ship was chartered to a British company which put its own crew of British Seamen's Union members aboard.

The ship's owners maintained they were not obliged to use Canadian seamen since the vessel was chartered to another company.

Meanwhile demurrage dues now have reached \$36,000 since the *Halifax* docked at Victoria Feb. 24. The dues are mounting at the rate of \$3,200 a day.

Ancient Phoenicians, a sea-going people, spread their alphabet to all the lands bordering on the Mediterranean.

Police Still Seeking Stolen Jewel Cache

TORONTO, March 20.—(CP)—Police Inspector James J. O'Connell, who is in charge of the search for a cache of stolen jewels, said today that the cache was still missing.

BRIDGE

East Loses Chance To Set by Waiting

Nations to Sign Wheat Pact Today

\$1.80 Bushel Basis Price After Long Negotiations

WASHINGTON, March 20.—(AP)—The United States and Canada today agreed to a wheat pact which sets a minimum price of \$1.80 a bushel for the 1954-55 season.

The pact, which was the result of long negotiations, sets a minimum price of \$1.80 a bushel for the 1954-55 season. The price is to be paid in U.S. dollars.

GRANDPAPPY of the U.S. Air Force is affectionate title given to Master Sergeant Horst W. Tittel, 64, who has "hash marks" on his sleeve totalling 40 years of service. He is congratulated by Capt. William Lipson in New York. Tittel is a lieutenant colonel in the Air Force reserve.

Westlock Board Plans Community Work

WESTLOCK, March 23.—G. H. D. Wilson was elected president of the Board of Trade at last week's annual meeting. R. S. Boddy was named vice-president and A. Richards secretary-treasurer for the coming year.

Several suggestions for future operation of the Board were contained in the reports by the president and the secretary as they retired after a year's activity on the board. It was proposed that more be undertaken for the community, that a definite date of meeting be set and maintained, and that the constitution be amended to allow for five committee chairmen on the executive, as well as distribution of the work of the group a little more evenly than in the past. A busy year was reported, which included sponsorship of such activities as the show for Ducks Un-

Wetaskiwin IODE Has Fashion Show

WETASKIWIN, March 23.—The allure of spring, symbolized in the latest fashions, drew large audiences to the IODE Hall Thursday afternoon and evening when the Peace Hill Chapter Imperial Order Daughters of the Empire staged their spring Fashion Show.

Costumes were provided by Mrs. Douglas's Ladies Wear while the entire program was arranged by Mrs. Elsie Greiner, representative of High River was commensurate while individual make-up was by Mrs. Elsie Greiner, representative of Beauty Counsellors of Canada.

Modeling children's clothes were Sandra Jansen, Carol Fretsen, Dennis and Donna Hall, Patry and Joanne Drayner. Junior garments were modelled by the Misses Barbara Burt, Betty Lou Vassar, Doris O. Shea and Merna Collicutt. Miss Lars Loken, Mrs. Brown, Mrs. Fred Kirtin, Mrs. Wm. Jansen, Mrs. R. B. Harris and Mrs. N. Torgerson showed the new and become styles for young women and matrons.

During the intermission Denise Chabillon, Darlene Hall and Lynn Bennett, dressed in white and green costumes, gave an Irish dance.

Raymond Anderson sang "When Irish Eyes Are Smiling" and Mrs. Torgerson was the bride's mother while Mrs. Jansen, Mrs. Kirtin, Mrs. Lars Loken, Mrs. O'Shea and Miss Collicutt were bridesmaids.

During the week Raymond Anderson sang "When Irish Eyes Are Smiling" and Mrs. Torgerson was the bride's mother while Mrs. Jansen, Mrs. Kirtin, Mrs. Lars Loken, Mrs. O'Shea and Miss Collicutt were bridesmaids.

Old Timer Dies
TOPEL, March 23.—Funeral services for the late Charles C. Hardy, 90, were held in Topele United Church, March 23. Rev. H. B. Riker, officiated. Mr. Hardy was an old timer of the district. Surviving are a son, Edward, of Topele, and a daughter, Mrs. E. Way, of Albany, Oregon.

DATE MADE —AND KEPT

VANCOUVER, March 23.—(CP)—A blue-eyed Vancouverian named Harry Town breaded into town yesterday without a second to spare and 1,000,000 miles of travel without him. And he is the title company salesman in on his 15th trip around the world.

He planned his schedule in his Australian home to within minutes of his business engagements.

He once wrote a Vancouver promoter he would meet him at 9 p.m. six months from today. He did.

Reynolds Mayor At High Prairie

HIGH PRAIRIE, March 23.—Councillor John Reynolds was named mayor at the last meeting of the council. Other councillors were M. Kusch and Ferris Phelps.

High Prairie, orchestra under the leadership of Herbert Marquardt is being well received. All local talent, the personnel consisted of 1st trumpet, Herb Marquardt, 2nd trumpet, Guy Dumpeier, sax players—Donald Pratt, Bruce Marquardt, Neil McIntyre, drums—Ferris and Pano—Darlene Lennie.

Fifty-Two Teachers Convene at Institute

HIGH PRAIRIE, March 23.—Fifty-two teachers from schools in the High Prairie Inspectorate met in a one day "institute" in the new centralized school here March 25. Supt. L. A. Broughton, with the assistance of Dr. J. G. Woodworth, supervising teacher in the division, made arrangements for the program, welcomed the teachers and was in charge of the proceedings.

The divisional board had approved use of their buses for convenience purposes, and Secretary J. L. Herman supervised arrangements for these. Members of the staff at High Prairie shouldered the main task of contributing to the program. In the forenoon, Miss Dorothy Sturm and her pupils demonstrated how two enterprises may be carried on simultaneously with multiple grades as they studied the lives of Indians and of how the people of Holland overcome geographic obstacles. Miss Kay Fulcher showed in a graphic manner how she and the pupils, by means of illustrations, research and committee work conducted a study of Canada and her industries.

PANEL DISCUSSION
The afternoon opened with a lively panel discussion on the traditional methods of teaching science as compared with the more modern development of each child. It was pointed out that science in adult life is frequently more dependent on the personality factor than on academic accomplishment.

development of each child. It was pointed out that science in adult life is frequently more dependent on the personality factor than on academic accomplishment.

GIVES RESULTS OF TESTS
is the Guidance Workshop, which followed his talk. Dr. Woodworth led a discussion of a theoretical case history. Also discussed were some tabulated and graphical results of recent standardized tests administered in High Prairie elementary school.

At the close of the afternoon the teachers met as an ATA body under President Ben G. Hubert to discuss several matters of importance to teachers in general and those of this area in particular.

Re-elected

MEETING CREEK, March 23.—Councillor James Bowden was re-elected to office for another term in the Municipal District of Canmore, No. 63, in Saturday's election. His majority was 22.
